view of the Dolomites.

YOUR WORLD OF WELL-BEING, INSPIRED BY OUR WORLD

We've travelled the world to bring home precious, ancient rituals of purification, balance, and well-being, then enriched them with our Ladin tradition to give you a revitalising experience without compare.

FROM THE GREEK **ὄνειρος**, MEANING DREAM, THE ONIRO SPA IS A PLACE THAT EXUDES EXTRAORDINARY CHARM, WHERE THE BOUNDARIES BETWEEN SPACE AND TIME MELT AWAY TO REVEAL A DREAM PANORAMA: THE #LATEMARVIEW.

AN EXPERIENCE IN *ONIRO* SPA IS A VOYAGE THROUGH TECHNIQUES AND TRADITIONS DRAWN FROM MILLENNIA-OLD SECRETS OF CARING FOR BODY AND MIND.

WORLD RITUALS, OUR SOURCE OF INSPIRATION.

Japan's purification and beauty rituals, China's traditional medicine, Northern Europe and Russia's therapeutic heat-based rituals, Rome's ancient thermal baths, India's Ayurvedic medicine, Turkey and the Middle East's traditional hammam, the United States' Native American shamanic rituals, and California's Esalen Institute's holistic approach, where well-being means harmony between body, mind, and spirit.

THE ONIRO METHOD, YOUR SOURCE OF REBIRTH.

Purifying mind and body and releasing the non-essential to create space for vitality, energy, and balance. Each of our treatments takes you down a path of renewal and rebirth that sees stress, anxiety, and tension melt away and instils a feeling of profound well-being and bliss.

THE RITUAL OF TEA, AN ALLY OF WELL-BEING

For greater effectiveness, each Latemar Signature treatment is enriched by our ritual of world teas, making your spa experience even more unforgettable. Let the beneficial properties of the fine loose-leaf teas carefully selected

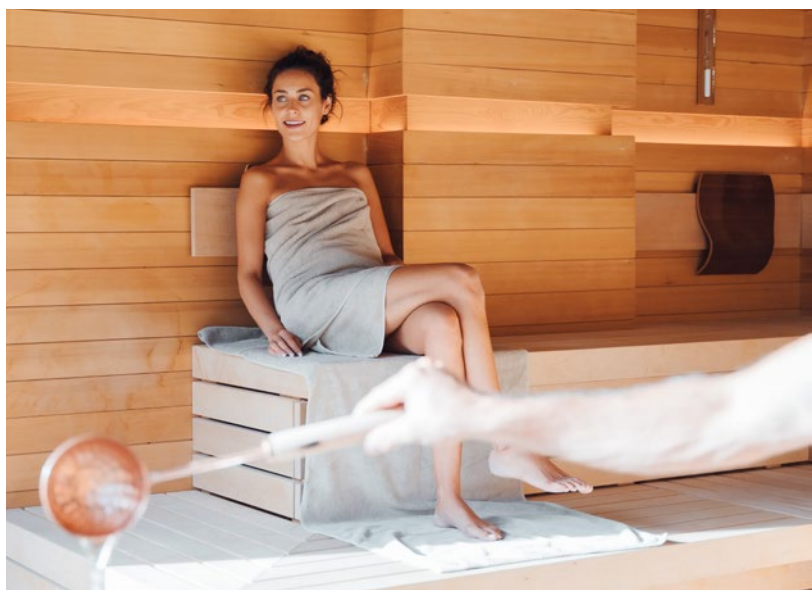

by our tea sommelier surprise you and rest easy knowing that this antioxidant-rich elixir reduces stress and anxiety, boosts energy, promotes relaxation, and restores the balance between mind and spirit.

WORLD WELLNESS RITUALS.

OF TEA. AN EXPERIENCE OF
WELL-BEING WITH 360°
#LATEMARVIEW.

A REVITALISING DREAM

The beguiling essential oils of the **“Aufguss”** infusion ritual from Finland. The scent of the birch twigs used in the **Russian Baniya** ritual. Soft light, warmth, and fragrances that take you on a sensory journey to Morocco with the **Hammam** ritual. Revitalising places infused with an authentic atmosphere, true to their countries of origin.

AUFGUSS RITUAL

We've brought the traditional Finnish practice of steam infusions to Val di Fassa, during which the sauna master pours essential-oil infused water on the hot stones, creating a fragrant, enveloping steam that is wafted through the space using towels and fans in a beautiful, captivating ritual dance. The sensation of rising heat promotes relaxation and boosts well-being.

RUSSIAN BANIJA RITUAL

From Russia, we've selected an ancient ritual with energising, revitalising properties for you. Birch twigs are traditionally used in Russian heat baths to stimulate blood circulation and exfoliate the skin, giving it a fresh, radiant look.

HAMMAM RITUAL

The Turkish bath is a wellness practice of Arabian origin that combines heat, humidity, and purification rituals. With a humidity of 100% and a temperature of 50-55°C, the steam bath relaxes the muscles, stimulates the blood circulation, and dilates pores, ensuring the skin is deeply cleansed.

The combination of steam and heat contributes to reduced stress, improved breathing, and a strengthened immune system.

BEAUTY & WELLNESS LESSONS

IT'S ALWAYS THE PERFECT DAY TO LEARN SELF-CARE.

In Eastern cultures, time spent caring for body and soul is a fundamental part of the daily routine. Wellness rituals set the rhythm of people's days and lives, like a gong sounding in a temple. In this case, that temple is our body – the place our soul resides. We've taken this lesson to

heart and would love to pass it on to you. That's why we've decided to teach you how to practise self-care, showing you self-treatments to replicate at home and teaching you the art of ancient beauty rituals. Trust in the experience of our spa manager, your wellness guide.

You can choose where the lessons take place: in the relaxation area of the private spa (subject to availability), in the beauty cabin, or in your suite for a supplement of €15.

Choose the lesson that most inspires you, absorb it, and replicate it at home during your daily beauty routine.

To achieve this, they follow a daily beauty routine that revolves around the purification of skin, body, and mind, as well as an authentic system of traditional treatments carried out meticulously according to a technique passed down from generation to generation. This lesson will let you discover the secret to youthful skin: layering. An expert will guide you step by step as you get to know your skin and will teach you to enhance your beauty by revealing the secrets of Korean skincare.
